

Add branding and advertising to your windbreaks by using printed PVC overlays.

An overlay is a stand-alone banner, installed in front of a small portion of a windbreak / screen.

As branding messages and sponsorship deals change in rapidly evolving market spaces, overlays are a convenient and economical way to visually communicate your current messages.

Size

OVERLAY SIZE: 1600mm x 1840mm
 PRINT AREA (MAX): 1500mm x 1700mm

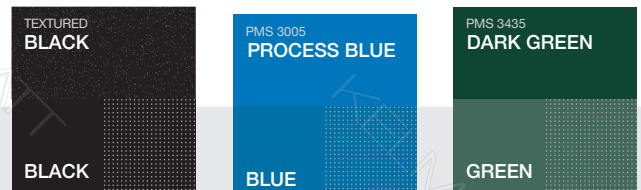

Artwork / Print

To make your logo / ad / message come to life, Kelmatt uses large format digital, full-colour CMYK printing on coloured PVC.

Base Colour Options

OVERLAY COLOUR (PVC 100% DENSITY)

SCREEN COLOUR (MESH 75% DENSITY)

PVC colour of overlays is not 100% match to Supermesh screen.
